## Be part of the journey....

East Fife has a long and proud history but we are now entering a new era in the club's history and we are looking forward to building a football club which the whole community is proud to support.

Our aim is to build a strong foundation for the future of the club.

We are now looking for partners to help take the club forward and have developed a range of flexible packages to get as many people involved.

Regards,

**Jim Stevenson**
